AURORA - Thanks to a \$6,600.00 grant from the Community Foundation of the Fox River Valley, Triple Threat Mentoring of Aurora will be able to purchase i-Pads and portable speakers. This new technology will be used to support students in their youth mentoring programs to develop 21st century digital skills.

“We’re extremely grateful for this grant from the Community Foundation of the Fox River Valley to integrate tech learning experiences in our programs,” said Caleb Luper, President/CEO of Triple Threat Mentoring. “This new equipment will empower students in our programs with the knowledge, skills and confidence to succeed in an increasingly digital world.” In addition, the portable speakers will support Triple Threat Mentoring in offering large events that engage thousands of students each year.
